MAXIMUS VIEW

A NEW Monitoring Solution for Your Business at an Affordable Price!

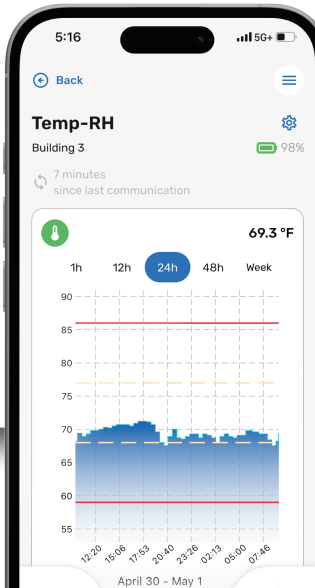

Smart Monitoring

MAXIMUS View is a smart monitoring ecosystem that provides information on environmental metrics through wireless devices and a gateway.

Thanks to the LoRaWan® technology which enables long-range communication with low power consumption, **MAXIMUS View** is the perfect solution for your monitoring needs.

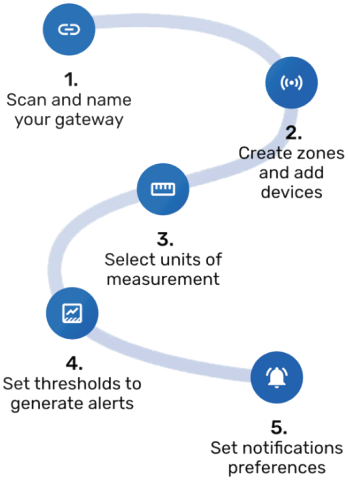

Whether on your smartphone or your tablet, all this data is found in a single app and helps ensure that every metric is within the correct range to keep the best environment for your animals, plants, products, etc.

Get ready for a radical change!

MAXIMUS VIEW

Set up your **MAXIMUS View** application quickly in **5 easy steps.**
